EXPERIENCE

React Developer Intern

Find Flames

MAY 2023 – JULY 2023

New Delhi, India

- Developed and launched the "Find Flames" website independently with leveraging technologies such as ReactJS , EditorJS and Firebase.
- Collaborated with a team of developers on two client projects, contributing to successful outcomes and gaining hands-on experience in agile development methodologies and cross-functional teamwork.
- Acquired a deep understanding of web development, strengthened proficiency in ReactJS, TailwindCSS, EditorJS, Firebase and gained valuable insights into creating user-centric digital solutions through effective collaboration and project management.

PROJECTS

ShopVista | *React, Node.js, Express.js , MongoDB*

Aug 2023 – Present

- Developed a user-friendly e-commerce full Stack web application with secure authentication and real-time payment processing.
- Designed and integrated a dynamic shopping cart and streamlined checkout process for enhanced user experience.
- Implemented a robust admin panel for efficient management of products, orders, and user data.
- Utilized React for interactive front-end elements and Node.js with MongoDB for scalable backend functionality.

Dwelling | *JavaScript, React, Firebase, Razorpay, Node.js*

June 2023 - July 2023

- Developed a dynamic full-stack real estate platform enabling property buying and selling.
- Implemented user authentication and secure access using Firebase, ensuring seamless login and registration.
- Enabled property transactions using Razorpay payment gateway, ensuring secure and convenient financial transactions.
- Implemented advanced property search functionality with filter options, enhancing user experience by facilitating precise property exploration.
- Developed an intuitive admin panel for efficient property management, allowing property listing, deletion, and agent management.

CERTIFICATIONS / ACHIEVEMENTS

- HTML,CSS and Javascript by John Hopkins University (Coursera)
- Developing Front-End Apps with React by IBM (Coursera)
- PL/SQL Database Programming (Oracle)
- Qualified for the Final round of ICC NIUM Global Cricket Hackathon (2023)
